VOLUME 24

TOLEDO, LINCOLN COUNTY, OREGON, FRIDAY, SEPTEMBER 1, 1916.

NUMBER 28

HAVE MONEY RAISED

Newport, Ore., S. 29th, '16.
Dear Sir:
We have raised the first installment of our bonus and this week shipped the collateral to the Lumbermens Trust Co., the trustee for the fund in Portland. We expect the engineers in to begin the final survey next week and believe that there will be no let up until the road is finished into Portland, thus bringing Lincoln Co., within four hours run of the metropolis of Oregon.

By way of celebrating and also for the benefit of the fund out of which printing, postage, etc., is paid we will have a grand benefit ball at the Casino Dance Hall the coming Saturday evening, with the best of music and a fine lunch on tap all the time. The bill will be 50 cents for the dance, and the lunch will depend upon the appetite of the guest, as to price. Give us some publicity for this if possible.

We are very pleased that we have been able to raise this \$25,000. In this community, not alone for the object of the bonus but as a harbinger of times when the people of Newport will stand together and together with the people of all Lincoln County for the upbuilding of the county.

Very truly yours,
L. C. Smith,
Chairman of Committee.

Amen Mr. Editor we think Waldport employed a teacher of the right stripe too when they annexed J. E. Davis. A few more of that kind and Lincoln county will not sit sneaking at the June exams—fewer tramps along the mental road another June—month of roses. I say get down to business and make the most of God given talents for "Unused learning is an unlit taper; a book tight shut, is but a block of paper." Each new grade is a book tight shut to the plodding pupil; but the teacher is the key. A great responsibility? Yes, therefore they must get into harness and pull from September to June. I know whereof I speak.
